

Installation guide

Bed system with kitchen

Dacia Dokker

VanEssa
mobilcamping

1. Bed system assembly

- Place the extension board on the aluminium angles on the rear side of the kitchen and fix it with the included countersunk screws. Support the extension board with an aluminium pillar on each side (pic. 1+2).
- Fold the back seats (pic. 3).
- Open the folding bracket and put the open folding bracket into the passenger compartment (pic. 4).
Note: To close the bracket, press the feather buttons and flap the feet into the aluminium profile.
- Lift the front edge of the sleeping board a little and pull it into the passenger compartment until it engages in the connection points of the rear board (pic. 4).
- Place the sleeping board on the folding bracket (pic. 5).
- Unfold the mattress into the passenger compartment...and have a good sleep on our cosy VanEssa bed (pic. 6).

2. Storing

While driving with the sleeping board in storage position, make sure that the bore holes on the bottom are engaged in the fittings of the kitchen - especially when it is used without any seats (safety reasons). As an additional fastening, you can fix board and mattress with tension belts (pic. 7).
